CORE COMPETENCIES

CPM Scheduling

Utilizing Primavera P6, we deliver compliant schedules from cradle to grave. We then provide the expertise to monitor and update the schedule and provide the real-time progress data to proactively manage our clients' projects and mitigate risks.

Cost Management

Seasoned in providing expert guidance and support for all our client's cost management needs on their large projects and programs. Seamlessly interface and integrate with finance and accounting departments.

Earned Value Management (EVM)

Experienced in developing and managing EVM systems and processes in compliance with ANSI/EIA 748. We bring feasible strategies to implement a results-based approach.

Staff Augmentation

We provide skilled project control personnel to work under your direction to help you develop, maintain, manage, and support your projects and programs. Our accomplished professionals can help you manage fluctuating skill needs, skills gaps, and changing staffing needs to meet your aggressive timelines.

RESOLUTE

"Delivering Project Controls Excellence"

COMPANY OVERVIEW

Resolute provides superior Project Control services to clients across the DOE/NNSA enterprise spanning 5 states. In-depth, working-level expertise of Project Controls best practices allows us to consistently deliver value to our clients, keeping their complex projects, programs, and operations on schedule and on budget across the country. Our personnel are proven experts in the fields of CPM Scheduling (P6), Cost Management, Baseline Management, and EVMS Compliance (DOE 413.3B). Clients regularly turn to us to provide subject matter experts and seasoned practitioners that are ready to deliver tailored solutions with measurable results.

DIFFERENTIATORS

- Experience across the DOE/NNSA enterprise spanning 5 states and 6 sites.

- Extensive network of quality professionals built by developing personal, working relationships across multiple industries.

- Hands-on approach to strategically qualify, select, and train our people to ensure our clients can expect value added to their team swiftly.

- Candidates are vetted by experienced project controls professionals to certify expertise in their fields. Skill-based tests are often part of our interviews to verify our people can deliver for our clients.
